INVESTMENT POLICY & AIMS

Value & Indexed Property Income ("VIP") policy is to invest in directly held UK commercial property, property backed securities listed on the London Stock Exchange and cash or near cash securities. VIP will not normally invest in overseas property or securities or unquoted companies. UK directly held property will usually account for at least 80% of the total portfolio but it may fall below that level if relative market levels and investment value, or a desired increase in cash or near cash securities, make it appropriate. The Company aims to achieve long term real growth in dividends and capital value without undue risk.

DISTRIBUTION OF ASSETS & LIABILITIES

BENCHMARK

The fund is actively managed and is benchmarked against the FTSE All Share Index. The benchmark is a target that the fund seeks to outperform. The index has been chosen as the fund's target benchmark as it best reflects the scope of the fund's investment policy. The benchmark is used solely to measure the fund's performance and does not constrain the fund's portfolio construction.

PROPERTY COMMENTARY

VIP Property Portfolio: Specialises in commercial properties with long, index-related income streams to deliver strong, long-term real returns.

VIP Property Portfolio Total Returns: Between 8% and 12% a year over the past 3, 5, 10, 20 and 33 years and are above the MSCI averages over all these periods. Over the six months to the end of September the Property Portfolio gave a Total Return of -1.9%, in line with the MSCI Quarterly Index, after all costs.

VIP Property Portfolio Value: £72,825,000 as at 30 September 2020. Purchases since 30 September 2020: In November £4.75m freehold purchase of a multi-purpose driving test centre in Quedgeley, Gloucester let to H.M. Government.

Rent Reviews: 10 index-linked reviews completed since March.

All 30 Properties and 32 Tenancies: Let on full repairing and insuring leases (tenants are responsible for repair, maintenance and outgoing), with upwards only rent reviews and a weighted average unexpired lease term of 15 years if the tenants' break options are exercised.

Contracted Index-related income: 90%.

COVID-19 and Rent Collection: It has been a challenging period for rent collection in some property sectors, VIP Property benefitted from owning no offices, shops, retail warehouses or shopping centres and by continuing close contact with all the tenants. 100% of rents were collected for Q3 July-September with 94% of rents collected in Q4 October – December and 6% granted rent free periods in return for lease extensions of an additional 5 years.

Please see Interim Report for more information.

EQUITY COMMENTARY

After a record-breaking November, world stock markets continued to recover in December as the first vaccination programmes were undertaken.

An eleventh-hour free trade agreement with the EU brought welcome relief to the UK stock market, which delivered a 3.9% total return (as measured by FTSE All Share Index).

Domestic shares in particular outperformed the market against the backdrop of a more virulent Covid-19 strain permeating through the British population. Harsher lockdown measures in reaction to the growing case numbers look certain to temper hopes of a strong economic recovery in early 2021.

VIP's equity portfolio performed in line with the market in December. Both asset allocation between sectors and stock selection were broadly neutral. The overweight position in Life Insurance benefitted the fund, whilst the overweight in Utilities was the main negative sector influence. Strong stock price recoveries continued in Go-Ahead Group (+22%) and ITV (+14%), but these were offset by a couple of the fund's more defensive holdings Unilever (-4%) and GSK (-2%).

There were a large number of sales spread across the portfolio to fund future property purchases.

DISCLAIMER

Please remember past performance is not a reliable indicator of future results. The value of shares and the income from them can go down as well as up as a result of market and currency fluctuations. You may not get back the amount you invest. Before any investment in Value and Indexed Property Income Trust PLC (the "Company"), you should obtain and review the current Key Information Document (KID) and Investor Disclosure Document for the Company which is available at: <https://www.olimproperty.co.uk/value-income-trust.html> and <https://www.olim.co.uk/investment-products/value-and-income-trust/>. Nothing in this factsheet should be considered to be or relied upon as constituting investment advice or an investment recommendation. If you are unsure about the suitability of an investment, you should contact your financial advisor. Certain risks: External factors may cause an entire asset class to decline in value and values of all shares or property may decline at the same time, or fluctuate in response to general market conditions. The Company may utilise gearing (borrowing) which will exaggerate market movements both up and down and so may magnify gains or losses. The Company may have investments concentrated in a limited number of companies and/or properties which can be more risky than holding a wider range of investments. The Company has significant exposure to property investments. These assets may be difficult to buy or sell, so changes in their price may be greater. The Company can buy-back its own shares, which can have the effect of increasing gearing. The information and opinions in this factsheet are subject to change.
